

Use your pension for employee retention

90% of your employees who are members of the Plan say the pension you offer is a reason to stay with your organization! Here are some of the ways CAAT engages with our members, and helps them learn about their pension. All these resources can be accessed via: www.caatpension.ca/members.

My Pension – CAAT’s online pension portal

If you are an employer that works directly with CAAT*, encourage your CAAT members to use My Pension to access their pension information online. With a personalized estimator and a secure Message Centre, My Pension gives members a convenient way to engage with their pension.

Plan Ambassadors Toolkit

The Plan Ambassadors program is a fun way for your employees to learn more about their pension and how important it is to their life and their community. Share the link to the new [Plan Ambassador Toolkit](#) with your employees, encourage them to become Plan Ambassadors, and start the conversation about **#PensionsForEveryone** in your workplace.

Learning sessions

CAAT members can visit our website to register for regularly scheduled webinars on a variety of pension topics and have their questions answered by CAAT’s pension education experts. If you want to book a personalized session for your members, email us at presentations@caatpension.ca.

Planner blog

CAAT’s [Planner blog](#) is so much more than pension information. It’s a source of financial, retirement and lifestyle articles that keep members up to date and engaged. Share the link with your members so they can bookmark the page and stay informed.

*If you are an employer that works with an Administration partner, your employees do not have access to My Pension. They can still visit the CAAT Pension Plan website to find contact information, merger updates and an employer-specific estimator as well as the other resources listed above.
