

Why Choose Remote Learning Sessions for Your Employees?

CAAT Pension Plan helps your employees understand the value of their pension with learning sessions. Led by pension experts, these tailored webinars allow CAAT members to ask questions and gain retirement planning insights. Here are some of the advantages of offering online pension education to your members:

- 1. Interactivity and Engagement**

Remote sessions include live chat for real-time interaction, interactive polls to maintain attention, live demos to enhance understanding, and allocated time for Q&A to address member questions on the spot.

- 2. No Logistics Required**

Online sessions eliminate the need for venue booking, on-site staffing, AV setup, and refreshments, saving time, effort, and resources.

- 3. Broader Audience Reach**

Webinars accommodate a significantly larger number of participants, ensuring that more members can join without space limitations.

- 4. On-Demand Access**

All sessions are recorded and made available for later viewing, allowing members who missed the live event to catch up at their convenience and revisit key points as needed.

- 5. Flexible and Convenient**

In today's hybrid working world, members can join our sessions from anywhere—whether at the office or in the comfort of their own homes—making participation effortless and stress-free.

Book a Learning Session with CAAT

If you're interested in arranging an online learning session for your employees or feel an in-person session would better suit your team, we're here to help. Email us at presentations@caatpension.ca to explore your options.

Tell your employees

CAAT offers monthly learning sessions on different topics for members. Your employees can register for these webinars on our website: [Member presentation | CAAT Pension](#)
